

LustreC - Bug #231

Is the ringtone download difficult or not?

| Description | | | |
| <p>Hi everybody. Currently, I am having problems download ringtones for my iPhone device at https://toqueparacelular.com/. They asked me to use iTunes, a software I have not known before. It took hours, but I still can't do it quickly. Please give me a few solutions.</p> | | | |
