Description			
<p>If the Cash app won't let me send money, we need to check the Cash Application Limit: Always check the value before sending, because according to the cash application, users can send and receive \$ 1000 within 30 days. This restriction applies when consumers verify their identity by providing their full name, date of birth, and the last four digits of their SSN. Once verified, users can send up to \$ 7,500 per week and get an unlimited amount on cash applications. You can visit the website for technical assistance.</p> <p>https://www.techjaadu.com/blog/cash-app-wont-let-me-send-money/</p>
